There will be one fifteen minute intermission

On the twenty-first day  
of the month of  
September, in an early  
year of a decade not too  
long before our own, the  
human race suddenly  
encountered a deadly  
threat to its very  
existence. And this  
terrifying enemy  
surfaced - as such  
enemies often do - in the  
seemingly most innocent  
and unlikely of places.
